

# Tuning Chart and String Gauges

*James Jones - Custom Performance*

## 3/13/12 Chromatic Travel Hammer Dulcimer

I use number designations for wire sizes  
Their actual diameters are as follows.

w is for Wound

4 = .013  
5 = .014  
6 = .016  
7 = .018  
8 = .020  
9 = .022  
10 = .024

To order replacements contact me by  
phone or e-mail indicating the gauge  
and number desired and if you need  
loop ends. I will ship immediately  
and bill you for the strings.
